GROW *Your Business*

- **Customer Retention Services** - Our Monitoring Advantage program will help you increase the percentage of repeat business with your past mortgage borrowers.
- **Borrower Consultation Reports** - The Credit Analyzer Reports provide a customer friendly report which analyzes your borrower's credit report and makes specific suggestions for changes to improve scores.
- **Credit Seminars** - We developed a seminar tailored specifically on the subject of "Credit." This seminar is free for customers and in some states can be offered for realtors for Continuing Education credit hours.
- **Credit Reports** - We provide easy to read credit reports from one to three of the major bureaus.

IMPROVE *Closing Ratios*

- **Rapid Rescoring** - Our average turn time for a rescore request is three days!! Over 92% of our rescoring in 2014 were successful!
- **Free Rescoring Consultation** - Our professional Rescore Express Team provides FREE consultations with loan officers, including recommendations to maximize the rescoring opportunity.
- **Unlimited Simulations** - The What If Simulator is used to help you predict results for the borrower, develop a plan, and make better informed decisions.
- **LQI Solutions** - Suite of services available to address Fannie's Loan Quality Initiative, including the **Undisclosed Debt Notification** monitor with up to 3 bureaus, a **Refreshed Credit Report** comparing data from the original credit pull and all the Verification services.
- **Verification Services** - Our verification services provide a crucial source to request verifications. Our Verification Services provide our clients the confidence to fund or modify loans based on the most reliable information.
- **Rapid Rent Reporting** - Boost the borrower's credit profile by adding their positive rental history as a traditional credit report tradeline.
- **Tax Transcripts/SSA-89's** - Used to determine a borrower's income and social security name/number quickly and reliably. It verifies the validity of a borrower's income by referencing tax returns filed with the IRS.
- **Risk Mitigation Services** - Provides a review of loan data to enable you to quickly detect discrepancies, enable compliance and reduce the risk of loan repurchase.
- **Flood Determination** - We offer accurate flood zone determinations that will protect your clients and ensure they are in compliance with the National Flood Insurance Program.
- **Quarterly Business Summaries** - Every quarter, your account manager will go over your business for the last quarter to fine tune your services to help ensure that we are helping to grow your business.
