

InstantID® is most effective as an add-on to your Advantage credit reports and bundled into the cost of the credit report. Each time you access a credit report, InstantID® will be automatically retrieved and the results appended to the credit report. Contact your Advantage Credit Account Executive to have your Advantage Credit account configured for InstantID® on all of your reports.

Below is an illustration of how InstantID® can be accessed on a stand-alone basis:

Identity Verification
